The D Style Within Your Group

Everything DiSC® Facilitator Report

The columns below list the people who have D in their style (as either primary or secondary) and those who don't. Consider how these two groups might misunderstand each other. And if this group has a D culture, consider how those who are low in D may react to that culture.
Note: If the number of group members below exceeds the maximum that can fit, the list will be continued at the end of this report.
